# ALL BIDDERS PLEASE READ

## **Terms Governing This Sale**

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 percent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

## **NOTICE TO NEW BIDDERS**

**Our Mail Sales Are Conducted As Follows:**

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL — IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuation placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

**ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin — instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

# IS THIS YOUR FIRST AUCTION CATALOG?

22nd EDITION (1969) GUIDE BOOK, PAPER MONEY 6th EDITION "TRENDS"  
AND OTHER AUCTION RECORDS USED IN CATALOGING.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

**BIDS ARE RECORDED AS FOLLOWS:** Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

**Please allow up to two weeks for receipt of coins, unsuccessful bidder will be notified.**

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING  
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

## BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots", yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

# YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having catalogued over two hundred seventy-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 10c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

## SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

## 1836 GOBRECHT FLYING EAGLE DOLLAR

17.	1836 SEATED LIBERTY, NO DRAPERY from elbow, STARLESS OBERVERSE, 26 Stars Reverse (states), BRILLIANT SLIGHTLY GOLDEN PROOF, superior to most seen but not perfect (we doubt if as many as 1% of those we have seen in our 35 years as professional numismatists would qualify as "Gems"). Mounted in plastic lettered "MOST BEAUTIFUL U.S. SILVER COIN, STARS IN FIELD, INVERTED REVERSE, 1836 PLAIN EDGE, DESIGNED BY CHRISTIAN GOBRECHT". The "inverted reverse" means that this is one of the <b>ONLY 600 STRUCK</b> March 31, 1837 after passage of the Act of 1837 reducing the weight of the dollar to 412½ grains .900 fine. The larger issue with normal reverse was struck in 1836 before passage of the Act of 1837. The "common" (if any Gobrecht can today be called "common") issue catalogs \$1900.00; surely this <b>MUCH RARER VARIETY</b> should realize at least .....	2,250.00

## 1839 CHANGED GOBRECHT DOLLAR

18.	1839 13 STARS added to obverse, stars deleted from reverse, edge reeded (rather than plain as in above 1836) "C. GOBRECHT F." deleted from base of Liberty (Patterson, director of the Mint, was so highly pleased with the workmanship of the dies that he insisted that Gobrecht should have his name upon it. The press criticised "The conceited German putting his name so conspicuously on the coin" (the first type—name below base) so the name was then placed on the base (lot 17) where it was not too readily seen. The criticism, while to a lesser degree, continued, resulting in the name being entirely deleted in the later Gobrecht issues. This specimen appears to have been improperly cleaned some years ago (some rubbing) but since has acquired an attractive patina. <b>ONLY 300 STRUCK. How many can still exist this many years later?</b> Catalogs .....	3,750.00

24.	1853 From a May, 1960 sale of an Eastern dealer as "TONED PROOF, ONLY 12 STRUCK (standard Catalog) \$1,000.00. Careful examination with a glass, reveals a pinpoint nick. Recheck Your Bids --- Avoid Errors

27.	1857 From a May, 1960 sale of an Eastern dealer as "TONED PROOF, a very tiny nick (which may be seen only upon close examination) may be the only thing to marr its beauty. The catalog value is ridiculous. I doubt if any more were struck of this date in proof than the 1858 which I notice is valued \$600.00." The 1858 is presently valued \$2,000.00 and the 1857	725.00
28.	1859 Prooflike with bluish golden patina, typical shallow strike at top of head. Acquired 3½ years ago at	150.00
29.	1859-O Near Uncirculated, sharp, pinpoint nick. Catalogs unc.	110.00
30.	1859-S Extremely fine. Scarce.	150.00
31.	1860 GLITTERING GOLDEN PROOF, pinpoint nick. A lovely specimen somewhat superior to most we have seen. VERY FEW EXIST TODAY! The Guidebook figure is irrelevant as many were "spent". Only a small percentage survived to after the Civil War, and a still smaller number survived the Great Depression of the 1930's when they seldom changed hands, even at the then low price of \$1.25. We have seen somewhat less proofs of this date than of some of the later dates which catalog \$325; this date, particularly so choice, easily worth over	375.00
32.	1860-O Extremely fine, 2 tiny nicks.	60.00
33.	1864 GLITTERING BLUE & GOLDEN PROOF, tarnish spot in field. Catalogs	325.00

36.	1871 BRILLIANT SLIGHTLY BLUISH PROOF WITH WIRE EDGE. Superior to 90 % of the proofs seen of this date! Well worth	325.00

38.	1872-S Near uncirculated with luster. RARE. Catalogs unc.	360.00
39.	1872-CC Extremely fine, tiny nick. RARE.	700.00

### LIBERTY HEAD SILVER DOLLARS

40.	1878 8 TAIL FEATHERS, BRILLIANT PROOF. ONE OF THE CHOICEST SPECIMENS WE HAVE SEEN OF THIS "TYPE" COIN! EASILY WORTH	400.00
41.	1878 7 Tail Feathers, reverse of 1878, lovely nearly perfect PROOF surface with attractive golden patina. We looked close indeed at this one under a glass before determining it didn't have quite all the qualifications of a full proof (for which it was acquired). Recheck Your Bids --- Avoid Errors

165.	1842 Small (tiny) date, from a 1959 ad of a leading California dealer as a "PROOF", which it could very well be. It does have most of the characteristics generally associated with proofs (but not all). As a leading authority states, "carelessly proofs were made during this period". It depended on the time and how important it was in turning out these "nuisance coins" (which interrupted the regular coinage operations). The quality of these coins varied from denomination to denomination, year to year and even within the same year (manufactured at different times). There is no problem with the restrikes made 1858-60 period which had the quality of the later proofs. The problem exists with "originals" made during the year indicated on the coin. This particular specimen cost \$250 nearly a decade ago (1959) and should now certainly exceeds .....	500.00

### HALF DIMES

936.	1795 FINE TO VERY FINE, some portions sharper than others and some minor marks but actually a nice appearing coin with all features sharp and distinct. A nice appearing "type" coin. Acquired two years ago at	355.00
937.	1797 DRAPED BUST, SMALL EAGLE REVERSE, sharp date, worn but definable bust, lower stars at left sharp, balance of obverse faint or not definable, pin-point nicks; reverse very good altho lower portion of AMERICA faint. Catalogs very good \$200; this probably worth "good" price of	150.00

## HALF DIMES (Cont.)

939.	1797 16 Stars, basically Extremely Fine, two stars at left not as sharp as other stars, short break at right edge, reverse has tiny nick and break at right edge, top of A not as sharp as bottom of A. A choice example of this rare and elusive type. <b>VERY RARE.</b> Cost .....	760.00
939.	1803 <b>LARGE HERALDIC EAGLE REVERSE</b> , basically fine but bottom of "1" and "3" shallow, top right not as sharp as balance of obverse, small portions of reverse not clearly defined, planchet slightly dished which would explain the uneven wear. Probably worth the very good price of .....	170.00

940.	1805 Very close to the <b>"UNCIRCULATED"</b> grade for which acquired. Barest trace of friction much luster, typical shallow striking of point of bust as on all genuine specimen we have seen during our 35 years as professional numismatists. A leading authority states, <b>"AS RARE AS THE 1799/98 CENT"</b> , <b>"ONLY ABOUT 75 TO 100 EXTANT. ONLY ABOUT HALF-A-DOZEN EXIST IN VERY FINE OR BETTER"</b> . This specimen must then be <b>HIGH IN CONDITION CENSUS, POSSIBLY AMONG THE TOP 3 KNOWN.</b> The guide-book does not value it in better than very fine due to its rarity. Cost .....	\$2,000.00

## PROOF & SPECIMEN — STRIKE HALF CENTS

Special-struck or "Specimen-Strikes" are known since the beginning of U.S. coinage. They did the best they could to produce "Special" specimens with what facilities they had. These were produced for "Presentation Purposes" to heads of foreign governments (as in 1834 when the set included the 1804 dollar and eagle in Proof) museums, "dignitaries" and a very few collectors. While some resembled the later proofs struck in the later 1850's and 1860's, others were not as well made. Some were "one-sided proofs" and others were struck from regular dies which had been polished and regular planchets which had been selected as the best of the normal supply. The one thing in common that these had was that special care was given in their manufacture and that they were intended for special purposes. Since very little is known about the exact number struck and quality of each prior to 1858, it is difficult to have leading authorities agree what is a proof, specimen-strike or presentation-piece. This collection, assembled individually by a serious student, represents his ideas. We have added our own observations (where pertinent) based on our thirty-five years as professional numismatists.

1441.	1825 Acquired from Nov. 1958 Numismatic Scrapbook ad of a leading Western dealer as a "Proof" at \$175.00. It does have a prooflike surface, is deep red and slightly bluish, sharper struck than the "normal" or business-strikes generally seen. Authorities acknowledge that this is THE MOST UNDER-RATED DATE OF THE ENTIRE HALF-CENT SERIES. Regardless of whether it is a "Specimen-strike" or an unusually choice business-strike, we believe it to be worth at least	350.00
1442.	1828 12 Stars, SHARP STRUCK with Wire Edge, slovely sea-green color as on proofs. Die with left top leaf shallow. Acquired from same source as a "Proof", altho struck on a planchet which had not been polished. CENTER OF ALL STARS VISIBLE! SUPERIOR TO ANY SPECIMEN WE CAN RECALL SEEING! Cost \$175 Nov. 1958 and should now easily exceed	375.00
1443.	1828 13 Stars, SHARP STRUCK with CENTER OF STARS VISIBLE, RAISED EDGES, deep red and slightly bluish color, some prooflike surface. Acquired same source Nov. 1958 at \$125; worth around	150.00
1444.	<b>1833 GLITTERING BLUISH PROOF. POSSIBLY THE BROBSTON SPECIMEN WHICH SOLD IN JAN. 1963 AT \$400; PROBABLY NOW WORTH OVER</b>	<b>500.00</b>

1445.	<b>1846 SECOND RESTRIKE WITH SMALL BERRIES, A GLITTERING GEM FIRE-RED SPECIMEN! IT IS DIFFICULT TO IMAGINE A MORE LOVELY COIN.</b> Under a very powerful glass, the striation is visible as mentioned as being the "hallmark" of this variety in the description of the Brobston specimen sold by Stack's Jan. 1963 at \$650.00. Envelope containing coin states, "R-7, ONLY 9 KNOWN" (includes those impounded in museums, foundations and "permanent collections"). Could now realize closer to	900.00

## PROOF & SPECIMEN - STRIKE HALF CENTS (Cont.)

1446. 1849 LARGE DATE, BLENDED RED AND BLUISH PROOF! While it does not have the "depth" of the restrike proofs (made in later years) it does have other criteria of proof manufacture with lovely knife-sharp "square" edge, etc. In Empire Coin Co. envelope marked **"ONLY 3 KNOWN"**! Even the fantastic Brobston collection did not have a specimen altho it did contain the small date original and restrike sold Jan 1963 at \$750 each. Surely this GREAT RARITY (unknown to Guidebook publishers) worth over 1,000.00
1447. 1850 PROOF in New Netherlands envelope marked "Rev. of 1849 as usual on Proofs". Lovely blended red and bluish color. Unmistakenably proof manufacture but again as in the 1849, it does not have quite the "depth" of the restrike proofs made at a later date. So rare that the Guidebook does not list it, altho it lists 1854 at \$400.00. The Brobston specimen sold Jan. 1963 at \$400; surely this one now worth over ..... 600.00
1448. 1851 "Specimen-Strike", while it has many of the characteristics of proof manufacture, the planchet was not polished before striking. Mint red un-circulated blending into a lovely tan color, remarkably sharp strike. .... 150.00
1449. 1856 "Specimen-Strike", Prooflike surface with lovely blended Red, Purple, Bluish color. Possibly a "Hastily made proof" but does not have all the characteristics we have seen on proofs of this date. Proof catalogs \$400; this one worth about half. ....
1450. 1857 RED PROOF. Catalogs \$425 but the Brobston specimen Jan 1963 sold at ..... 450.00

1451. 1847 UNLISTED VARIETY PROOF. FIRE-RED PROOF WITH SOME BLUISH OVERTONES. A LOVELY SPECIMEN OF THIS GREAT RARITY. Accompanying it is the following: From an old New Netherlands sale described, "1847. Unlisted. Obv. similar to both N-13 and N-25, but the bust point very slightly right of left upright of 1; 7 not so close to border; curl point nearly over right side of 8; few faint file scratches in die behind the head, almost vertical. Rev. Same as the reverse of 1848 N-19 (Proofs). Brilliant red Proof, struck upon a thick planchet, complete with square edges and almost perfect, original color. A magnificent item, identical with and superior to the unlisted 1847 Proof in the Mint Collection, and the only other impression from these dies known to us. From Wayte Raymond's 2nd sale, April 14, 1911. One or the most beautiful Proofs we have ever had the privilege of handling." Acquired by present owner nearly 6 years ago in early 1963 at \$1,250; since it is the **ONLY SPECIMEN OF THIS VARIETY AVAILABLE TO COLLECTORS**, WE BELIEVES ITS PRESENT VALUE TO BE IN EXCESS OF ..... 2,000.00

1453. 1849 N-6, Uncirculated mint-red blending to brown, SHARP STRUCK. lovely specimen and possibly a "specimen-strike" altho we are inclined to believe it to be an unusually choice business-strike. Regardless of what it is called, we believe it to be worth at least ..... 150.00

## CHOICE COMMEMORATIVE HALVES

With the rise in prices for this popular series, we have tried to indicate current values based on auction records. These records, of course, will be several months old by the time this sale occurs. Therefore, it will be inevitable that some of these prices will be lower than the actual market at the time of this sale. Note the exceptional quality of most of these specimens — many came directly from the issuing authority.

# IMPORTANT MESSAGE

For years we have counseled and helped advise those wishing to acquire coins and currency as an investment. We define investors as those willing to adopt a program envisioning a minimum of several years. Suffice to say — that in our **thirty-five years as professional numismatists** the results have been most gratifying.

We believe the various reference books are excellent guides — BUT ONLY THAT. We doubt if an intelligent person would attempt to become his own “lawyer” after reading a law book, or give himself medical treatment after reading a medical book.

Why then would an intelligent collector, who devotes himself part-time to numismatics, feel he would be as well equipped to give the best answers in building a numismatic investment as part of his estate, compared to a PROFESSIONAL WHO HAS DEVOTED OVER A THIRD-OF-A-CENTURY TO THE STUDY AND RESEARCH OF NUMISMATICS AS A FULL-TIME PROFESSION.

The very nature of this type of PERSONAL COUNSELING (A. M. or Paul Kagin) precludes it becoming a widely offered service. We are prepared, at this time, to continue offering this service to an additional few discriminating collectors as replacements for the normal attrition which has transpired during the past year.

We feel the experience gained in cataloging over 275 sales (a record that speaks for itself) enables us to offer the ultimate in counseling service.

The relationship with our clients is (as has always been our policy) of a fiduciary and confidential nature.
